

NORTH AMERICA DANFOSS DRIVES

— ENVIRONMENTAL POLICY —

Danfoss Drives North America is committed to:

- **The prevention of pollution**
- **Continually improving environmental performance**
- **Ensuring that we are in compliance with environmental regulations and other organizational requirements**

Our Environmental Management System is established to:

- **Communicate to all persons working for, or on behalf of the organization, their environmental responsibilities**
- **Control, as far as practical, our environmental aspects that may cause undesirable environmental impacts**
- **Establish annual environmental performance improvement programs**
